Boyok

Before the First Batch of Oil Tea

E01 Cultural stories

Boyok checks the soaked tea leaves, ginger and garlic in a small iron pan. There is a quiet moment before heating: one paw holds the wooden handle, while the other holds a bent wooden tea pounder, its blunt end resting among the leaves. A quilted pad on the apron supports the pan at the waist.

Gongcheng oil tea: processed tea leaves, ginger, crisp rice additions and peanuts.
